

Are you waking up stiff or sore?

Help eliminate your sleeping discomforts with the Tri-Core[®]

- Gently supports your neck and cradles your head to help restore proper neck posture.
- Helps to eliminate tension headaches, stiffness in the neck and back muscles, and tingling and numbness in the hands and fingers.
- Helps ease the discomforts of neck muscle and joint strains, arthritis, and whiplash injuries.
- Complements your professional care by helping maintain proper neck curvature.
- For back and side sleepers.
- Available in standard or gentle support.
